PROJECTS

Aksha (Chatbot)
Apr 2021 - Apr 2021

Healthcare providers believe that chatbots might help patients who aren't sure were they should go to receive care. Many people don't know when their condition require a visit to the ER and When it's enough to contact their doctors via telemedicine.

ASHIA (Chatbot)
Jan 2021 - Jan 2021

So our goal is meanly to collect users information and translate on people who really want to intract with people but can't Expecially old people whose kids dont like with them and miss them.
